DETAILED ACTION

Response to Arguments

Drawings

1. This application has been filed with informal drawings which are acceptable for examination purposes only. Formal drawings will be required when the application is allowed.
2. The drawings are objected to because reference numbers 10 and 12 refer to the same element. Correction is required.

In response to Applicant's amendment, filed 10-17-97, the Examiner withdraws the objection.

Claim Objections

3. Claim 7 is objected to because of the following informalities: line 2 uses the phrase "capture images in a periodic basis" rather than "on a periodic basis". Appropriate correction is required.

In response to Applicant's amendment, filed 10-17-97, the Examiner withdraws the objection.

Art Unit: 2744

Allowable Subject Matter

4. Claims 1-13 are allowed.

5. The following is an examiner's statement of reasons for allowance:

Though wireless video telephones (e.g., see Ohnsorge (US 5,485,504) and Umezawa et al. (US 5,491,507)) are well known in the art of radio telephone equipment, the limitations of independent claim 1 or its dependent claims particularly related to the remote control of image processing equipment at a server station through commands sent by return link from a wireless video telephone **has not been observed in the prior art.**

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2744

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Umezawa et al. discloses a wireless video telephone with a fixed still camera (abstract, fig. 1).
7. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Myron Wyche whose telephone number is (703) 308-6729. The Examiner can normally be reached between 6:30 a.m. and 4:00 p.m. EST.

Any inquiry of a general nature or relating to the status of this application should be directed the Group receptionist whose telephone number is (703) 305-3900.
